**Why Nebraska Hospital Association partners with Bellevue University to offer valuable education benefits.**

“Nearly 19 years ago, NHA approached Bellevue University to co-develop our healthcare leadership program for our members and their employees. The response has been overwhelming. To date, more than 600 Nebraska hospital leaders have graduated from the NHA Leadership Institute. In 2016, the program received the “Power of A” Award from the ASAE (Center for Association Leadership) for extraordinary contributions and efforts to enrich lives, create a more competitive workforce, drive innovation, and make a better world.”

Building on Bellevue University’s collaboration and innovation, today the partnership includes expert meeting facilitation, training and development, and supplemental tuition assistance for our employees and member hospitals.”
